Bill Kurtzner
Utilauditors

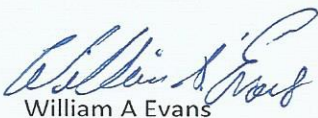

Bill,

Just want to thank you and your team for all your support throughout the audit process of our TXU bills.

Your company was always efficient, prompt and professional while working on all aspects of the audit process. I must admit when you initially called to explain your company and what they do I was very skeptical but since there was not risk or cost associated I figured I had nothing to lose. Needless to say when the rebate check came for \$83,000 I was no longer a sceptic. Thanks to Utilauditors Coastal Foods received a full refund for the overcharges TXU billed us in the past two years.

Please stay in touch and thanks again.

Sincerely,

William A Evans
President and CEO
